

REFLECTIVE CPD ACTIVITY FORM

THE SOCIETY FOR
VASCULAR TECHNOLOGY OF
GREAT BRITAIN AND IRELAND

Name: Mark Black

Job Role: Clinical Vascular Scientist

Description: (i.e. SVT AGM 2017, presented at local meeting)	Charing Cross International Symposium 2016
Date(s):	26/4/16 (to 29/4/16) Total Days/Hours 3.5
Type of activity:	☒ Educational ☒ Professional ☐ Work-based ☐ Self Directed ☐ Other _____
Benefits to your practice:	Again very good meeting at a good price point (early bird). Highlight was peripheral arterial challenges; exercise therapy for claudicants, NICE guidance and healthcare regulators is being ignored and economic benefit from avoiding re-intervention.
Benefits to service user:	These expert led discussions led to a pilot of supervised exercise classes within my trust. Unfortunately not economically sustainable, but led to a private initiative being formed by anesthetic team in providing pre-surgery programmes for improving health and wellness.
Supporting evidence: (can include program certificate, notes, presentation, signed training sheet)	Issued Certificate (see e-mail attachment)
Additional notes:	

Please complete reflection form for each activity submitted
