

**Higher Specialist Scientist Register
Certificate of Equivalence
Assessor Training**

Certificate of Attendance

This certificate confirms that:

Theresa Fail

Attended the assessor training day for the Higher Specialist Scientist Register (HSSR) Certificate of Equivalence on Wednesday 13th January 2016

Aim: To provide training in the equivalence methodology for the Higher Specialist Scientist Register (HSSR) against the Standards of Proficiency for AHCS professional and lay assessors

Objectives: To enable participants to gain and apply their knowledge and understanding of the (i) process underpinning the AHCS equivalence process and the AHCS Quality Framework; (ii) AHCS standards for entry to the HSSR and the specific requirements of the equivalence route; (iii) the principles of equivalence and why they are important and (iv) discuss and share learning identifying key issues and generating potential solutions
