Practical Examination for the Accreditation of Vascular Scientists

23 Oxley Vale
Newquay
TR7 3DU

23/10/2023

Dear Bethany Stephens,

I am delighted to inform you that on 12th October 2023 you were successful in the practical assessment, which constitutes the final part of your AVS accreditation exams. You should receive your certificate in the post within the next couple of weeks.

As a requirement of maintaining AVS accreditation you are required to undertake and evidence your Continued Professional Development (CPD). You will be contacted on the email address you have supplied to the SVT to be advised of the requirements and instructions on how to claim Pre-AVS CPD points. Please ensure this is up-to-date on the website. If you have not received an email within 31 days please contact (cpd.avs@svtgbi.org.uk) to ensure you are registered with the CPD team. More information is available in the CPD document under the Education section of the SVTGBI website.

As an AVS registered SVT member you are now on the mandatory AVS register. More information regarding this can be found on the SVTGBI website.

The SVT would like to recognise your recent accreditation success in the next newsletter under the 'Newly qualified AVS members' section, where your name will be published alongside other colleagues who have also recently passed their AVS. If you prefer NOT to be included in this, please email newsletter@svtgbi.org.uk as soon as possible.

Congratulations once again!

Yours sincerely,

Ms Hannah Williamson
Practical Exam Co-Officer

SVT Education Committee
