DEPARTMENT OF RADIOLOGY

3rd January, 2023

Dear Mr Carlos Pinho,

LETTER OF ATTESTATION

We are very happy that you came to Ghana to help develop vascular scanning services. Your visit to us at the Korle Bu Teaching Hospital(KBTH), and to our sister institution; Komfo Anokye Teaching Hospital, in Kumasi were highly impactful.

I recall your early morning online lectures delivered on site, followed by hands on training the whole day. The topics were:

- Monday 28th Nov, 2022 - Venous Diseases- (KBTH)
- Tuesday 29th Nov, 2022 - Aortic Branches and ABPI - (KBTH)
- Thursday 1st Dec, 2022 - Arterial Disease and Fistula for Haemodialysis - (Komfo Anokye Teaching Hospital, Kumasi)

You enabled us grasp the Imperial way for USG diagnosis of reporting of vascular diseases and we have adapted this fully for our growing vascular services.

We are very happy that we can continue to receive your support through remote advice. We look forward to further collaboration with the Imperial vascular team towards building strong vascular services in Ghana.

Our entire team is excited about the opportunity your visit has given us for growth and improvement on our skills.

Together with our Vascular surgeons, we are eternally grateful to you.

Yours Sincerely,

Dr. Mrs. Klenam Dzefi-Tettey.

Consultant Radiologist & Head of Radiology Department

Korle Bu Teaching Hospital, Accra; Ghana.

Faculty Secretary; Radiology, Oncology & Radiotherapy-Ghana College of Physicians & Surgeons

Vice President, Association of Radiologists in West Africa (ARAWA).

President, Health for The World (H4TW); Ghana Chapter.
