Dear Trevor

**Re: Continual Professional Development event for Wales AAA Screening Programme:
9th - 10th November 2016**

Thank you so much for providing the lecture entitled "Risk Factors: Play your cards right" outlining the risks factors for differing treatments for AAA. The Screeners provided excellent feedback for your lecture which was interactive and informative.

I'm pleased that you were able to join the two day CPD event and hope that you gained new knowledge from the varying lecturers. Thank you once again for your lecture and your participation in the other AAA programme agenda items.

Yours sincerely,

Llywela Wilson

Head of Wales AAA Screening Programme
