Hi Carlos,

Sounds like a fantastic experience. I remember looking into something similar a a potential elective idea and can appreciate it must have required a lot of work. Great outreach work!

From a CPD perspective it would certainly be worth points.

From the attached I can see you delivered 3 days of training; a lecture followed by practical training. Looking at our options I would think this could count as 3x lectures and 3 days of demonstrating which along with the preparation and overall benefits would be worth 12points.

You can add this to your locker by selecting the "my item is not listed" option and free typing a heading. This will come through to us as pending for which I will allocate the points above.

Thanks for getting in touch. Let me know if that sounds reasonable.

Best wishes,  
Amy  
Co-CPD Officer

Dear Amy and Ana,

I hope you had a nice Christmas and New Year!!

I recently travelled to Ghana in West Africa for some Vascular Ultrasound teaching and hands on training. This was an amazing experience, and although I have enough CPD for this year, I would still like to upload this on 'My Locker'. However, I'm not sure which option I am allowed to select? While this is not a common thing to do, I put a lot of work and energy preparing this week and I think this time I deserve a good number of CPDs. Can I ask if the option, 'National or International Vascular meeting – invited speaker – 7 CPD points' would be in line with this type of activity?

Grateful for any advice.

Best Wishes,

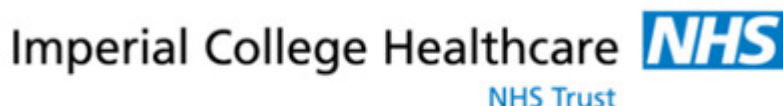

Carlos
