

CERTIFICATE OF PARTICIPATION

On behalf of the Healthcare Science Core Team and associated agencies we thank you for your participation at the above conference. For CPD purposes, this certificate should be presented in conjunction with the attached delegate list.

Aims

- To share with colleagues NES developments around the healthcare science workstream for trainees and supervisors.
- To explore issues regarding training management.
- To offer a platform for trainees and early career scientific staff, and we hope in so doing inspire others.

Objectives

- We will explore our quality assurance work, what we found regarding the state-of-training in 2019.
- We will highlight aspects of training management, networking and public engagement.
- We want to make our CPD offer better by inviting contributions to our new e-learning platform.
- We want to inspire folk with stories and examples from colleagues active in their field and passionate about science.
