Hi All

Just wanted to let you all know what a success the Christmas lecture was, lots of positive feedback, and a lovely message from the chairman below.

Thanks to everyone that contributed, and especially to Anna for delivering a great lecture – well done!

We can be proud that we made our contribution to the Annual Christmas lecture, did our bit for Vascular Science and now rest in the knowledge that we don't have to do it again for a long time ☺

Thanks again

H
