Dear All

I hope all are well.

I thought I would email some upcoming changes to the Education Committee as well as introduce some new members.

From November Matt and Tom will be leaving the Education committee, their contributions have been greatly appreciated over the years.

Naavalah will be leaving as STP representative and will be taking on the role of Technology Exam Officer

Caroline Dainty will be joining the Education Committee as Physics Exam Officer

Laura Scott will be joining the Education Committee in role of STP representative.

**Sophie** Harrison will now be joining the committee as an exam registration officer and Education section newsletter co-ordinator.

I am hoping all new committee members can attend the Education Committee meeting on the 18th of September; hopefully this will help to facilitate the handover of duties.

Kind Regards

**Siobhan**
