Objectives of the Seminar

Through the years, CIRA has strived to deliver world-class IR education through an academic program that addresses the various facets of IR. For the second consecutive year we are happy to present our "Grand Slams & Catastrophes" Course. We hope this will become a yearly tradition.

The course moderators will be presenting very interesting cases, but the sessions are also formatted to allow you to present your challenging or unusual cases, so make sure to come prepared!

We hope our attendees will enjoy the program we have planned and enjoy the exciting city of Lake Louise.

Dr. Jason Wong & Dr. Andrew Benko
Program Chairs

Learning Objectives

At the end of the meeting, the participant should expect to:

1. Identify potential outcomes from case complications and develop strategies for avoidance
2. Recognize medicolegal implications of complications and the process of litigation
3. Describe the components of a successful quality assurance program in IR
4. Explain common causes of medical errors
5. Exchange opinions and experience in challenging cases through workshops, debates and panel cases
6. Discuss the future direction of IR
7. Identify and discuss various approaches, as well as tips and tricks, in order to get out of challenging clinical situations or to achieve procedural success in both vascular and non vascular IR

Registrants may submit a case for potential presentation at this conference. We ask that it be of a M&M nature with learning points. Case submission is completely optional. If you are submitting a case, then it needs to be complete in a powerpoint presentation (10-12 minutes in length), and the deadline for case submission is Jan 10, 2018. Andrew Benko and Jason Wong will review the cases and pick the best cases with valuable learning points for presentation at the conference. Please send cases to Dr. Jason Wong at wongjk@ucalgary.ca.

Invited Guest Speaker

Robert L. Vogelzang
Chicago, Illinois

Born in Holland, Michigan, Dr. Vogelzang received his bachelor's degree in Biology from Trinity Christian College and received his medical degree from the Chicago Medical School. He completed his residency in radiology and Interventional Radiology Fellowship at Northwestern Medical School in Chicago. This was followed by

an appointment to the Northwestern faculty as the second full-time member of the Division of Interventional Radiology. In 1985 he became the chief of vascular and interventional radiology, a post he held for over 30 years as the division developed into one of the premier academic IR centers in the United States. He has had the honor and privilege of training over 180 IR fellows including who became leaders in academic IR. Many of these individuals were first advised by Dr. Vogelzang as Northwestern medical students.

Dr. Vogelzang's career, research, and academic interests have paralleled and mirrored the dramatic evolution of interventional radiology, a field he terms "the most elegantly simple method in the history of medicine" from its origins in diagnostic radiology into a force which has transformed the treatment of patients in innumerable ways. He has authored over 175 scientific papers and 63 book chapters. His research and clinical interest have been diverse and catholic and included the development of methods to curatively treat vascular malformations, uterine fibroid embolization, vascular disease and, more recently, medical anthropology.

Dr Vogelzang has had played a prominent role as a national leader in IR and served as President of the Society of Interventional Radiology, which also awarded him its Gold Medal in 2016 and for which he delivered the prestigious Dotter Lecture in 2003. He was the SIR delegate to the American Medical Association House of Delegates.

Schedule

Friday February 9, 2018

- 07:00 – 07:30 Breakfast
- 07:30 – 07:45 Welcome
- 07:45 – 08:15 **Are You An Expert? Lessons From The Medicolegal Front**
Robert Vogelzang
- 08:15 – 09:45 **Arterial Session**
Andrew Benko, Richard Cormack
- 10:00 – 10:30 **Pot-pourri Session**
Peter Collingwood, Richard Owen
- 10:30 – 15:00 Break
- 15:00 – 15:30 Afternoon Break & Mingle
- 15:30 – 17:00 **Venous Session**
Eric Herget, Marty Simons, Richard Cormack
- 17:00 – 17:45 **Extreme IR Session**
Robert Vogelzang, Gilles Soulez
- 17:45 – 18:30 **Cases from the audience**

Saturday February 10, 2018

- 07:00 – 07:30 Breakfast
- 07:30 – 07:40 Quick recap of previous day
- 07:40 – 08:10 **The Personal Psychodynamics of Complications: What vascular malformations taught me about myself**
Robert Vogelzang
- 08:10 – 09:40 **Non Vascular Session**
Richard Owen, David Valenti, Peter Collingwood
- 10:00 – 10:30 **Pot-pourri Session**
Eric Herget, Jason Wong
- 10:30 – 15:00 Break
- 15:00 – 15:30 Afternoon Break & Mingle
- 15:30 – 17:00 **Embolization Session**
Marty Simons, Gilles Soulez
- 17:00 – 17:45 **Extreme IR Session**
David Valenti, Andrew Benko
- 17:45 – 18:30 **Cases from the audience**

Speakers

- Andrew **BENKO**, MD, FRCPC, C.S.P.Q.
Chief of Angiography & Interventional Radiology, CHUS;
Associate Professor, University of Sherbrooke
- Peter **COLLINGWOOD**, MD, FRCPC
Clinical Professor, Radiology, Memorial University, St John's
- Richard **CORMACK**, MD, FRCPC
Interventional Radiologist, Mayfair Diagnostics, Calgary
- Eric **HERGET**, MD, FRCPC
Clinical Associate Professor, Cardiovascular and
Interventional Radiology, Foothills Medical Center, Cumming
School of Medicine, University of Calgary
- Richard **OWEN**, MD, FRCR, MRCP
Associate Professor, Site Head Department of Radiology,
University of Alberta, Edmonton
- Marty **SIMONS**, MD, FRCPC, FSIR
Assistant Professor of Medical Imaging, JDMI UHN/MSH/
WCH University of Toronto
- Gilles **SOULEZ**, MD, FRCPC, MSc
Chairman dpt of Radiology, Radiation Oncology and Nuclear
Medicine, University of Montreal
- David **VALENTI**, MDCM, FRCPC
Division Head, Interventional Radiology, McGill University
Health Centre; Director IR Fellowship Program, McGill
University, Montreal
- Robert L **Vogelzang** MD
Professor of Radiology; Northwestern University Feinberg
School of Medicine; Chicago, Illinois
- Jason **WONG**, MD, FRCPC, FSIR
Clinical Associate Professor, Cardiovascular and
Interventional Radiology, Foothills Medical Centre; Cumming
School of Medicine; University of Calgary

Hotel Reservation

A special rate has been negotiated with The Fairmont Lake Louise at \$223/night (plus taxes).

To make your hotel reservation, please follow the link posted on www.ciraweb.org (you have to be registered for the meeting to make a reservation).

Registration (all prices are before tax)

Please visit www.ciraweb.org to register for the meeting.

Before or on December 15th 2017

CIRA MEMBERS

Physician

\$475

Fellow/Resident/Nurse/MRT

\$325

NON MEMBERS

Physician

\$925

Fellow/Resident/Nurse/MRT

\$420

After December 15th 2017

CIRA MEMBERS

Physician

\$625

Fellow/Resident/Nurse/MRT

\$405

NON MEMBERS

Physician

\$1,075

Fellow/Resident/Nurse/MRT

\$500

In case of discrepancy between the printed prices and the online prices, the online prices will prevail.

Cancellation Fees Policy:

30 days or more before the event: Administration fees of \$25 + taxes.

7 days or more before the event: 50% of registration fees + taxes.

Less than 7 days before event: No refund.

CME Credits: This is where the accreditation statement for physicians will be placed if/when granted.
