Dear James

I would like to take this opportunity to express my sincere gratitude for your presentation at the Introduction to Wound Management course for the nurses in Tallaght Hospital. Your presentation was most informative, and provided key insights on the various investigations you perform to our nurses, and was delivered expertly by you on the day. I genuinely appreciate your taking time from your very busy work schedule to share your knowledge and expertise with our nurse colleagues.

The feedback from the session was very positive. I appreciate your willingness to share your knowledge and expertise. Without the support and input of colleagues such as yourself this course could not be delivered.

Once again, please accept my sincere appreciation for a most stimulating presentation and I hope that you might be willing to give this presentation again to future wound management courses.

Yours sincerely

Helen Strapp
