Dear Louise

I would like to thank you very much for your time and effort with regard to the assessment of the applicant portfolios and the subsequent interviews of senior Healthcare Scientists applying for STP equivalence.

Your first hand understanding of the equivalence process and your expertise in Vascular Science helps ensure that AHCS Equivalence is a robust and fair process. It leads to the registration of Healthcare Scientists with HCPC as Clinical Scientists and helps put patient's safety and quality of services at the heart of Healthcare Science services.

With very best wishes

Lynne Smith
