RE: Agenda - NAAASP Screening Techs **CPD Day**

Thank you both so much for a really interesting, informative and useful **CPD** event yesterday afternoon.

I really enjoyed the analysing of the images. It really made me sit back and look at them in a different perspective. It will be very interesting to see if you notice any change in the quality of our images – and the number of calliper measurements taken per image – haha!

Thanks again.

RE: Agenda - NAAASP Screening Techs **CPD Day**

Hi Coleen and Shirley

Many thanks for yesterday's **CPD**. It was both informative and fun. I learned some new things about image optimisation which I will be able to apply in clinic.

Kind regards,

Kate

RE: Agenda - NAAASP Screening Techs **CPD Day**

Thank you Shirley and Coleen.

We all enjoyed the session and as always it's great to catch-up with you.

Kind Regards

Jacky
