

15th November 2018

Ms. Nuala McMahon

Chief Vascular Physiologist

Beacon Hospital

RE: Acknowledgement of Special Lecture Role at UCD Beacon Hospital Academy

Dear Ms McMahon,

On behalf of the UCD Beacon Hospital Academy I would like to thank you for your continued support of our teaching programmes at Beacon Hospital. I am pleased to acknowledge your commitment and teaching of UCD School of Medicine students during their 'Medicine 1' and 'Medicine 2' rotations, 2017-2018.

Your commitment to date took place over a twelve week period for Medicine 1 (28th August – 16th November 2017) and a twelve week period for Medicine 2 (2nd January to March 24th 2018). This included weekly tutorials to students whom you kindly allowed to observe you in your vascular clinic.

The UCD School of Medicine appreciate your involvement in the UCD Beacon Hospital Academy work-streams. Thank you for your ongoing contributions to medical student education and training, we look forward in continuing to work together.

With Best Wishes,

Kathryn Kane

UCD Beacon Hospital Academy
