Dear Felicity,

I am delighted to inform you that you have been successful in the practical assessment, which constitutes the final part of your AVS accreditation exams. I will post your certificate once it has been signed by the SVT president.

As an AVS you need to collect CPD points to maintain registration and should start collecting points now. You must submit your CPD online before August 31st each year. The up to date CPD document can be found on the SVT website, with explanation of the system. You should now check that you can access your membership page on the SVT website and ensure that your contact e-mail address is up-to-date. Please then e-mail the CPD coordinator with a list of any CPD qualifying activities you have undertaken during your training period along with the dates in order that they can set up your online CPD log (cpd.avs@svtgbi.org.uk). Qualifying activities are those that are not related to your training such as conference attendances, publications, newsletter articles etc. You will then be able to add any future CPD activities to your online record yourself as you complete them.

As an AVS your name will automatically be entered onto the voluntary register on the SVT website. If you do not wish for your name to be added to the voluntary register please e-mail me to let me know.

Congratulations once again!

Yours sincerely,

Laura Haworth
