Subject: Re: Scottish Vascular Labs Meeting

Hi everyone

Apologies - I've just realised there was no Teams link attached to this invite. Hopefully you've just got an update with the meeting details, or you can use [this link](#) to join.

We've only got 30mins, so this will be a brief meeting and not much time for a detailed agenda. I thought this might be a useful structure for us:

- Brief introductions
- Common issues / ways we could work together
- Going forward (Monthly meeting? Joint NHS Teams site?)

Best wishes
Claire

Subject: Scottish Vascular Labs Meeting
When: 07 February 2022 12:30-13:00.
Where:

Hi everyone,

Happy new year, and I hope you're all well.

I think most of you know me - but for those of you who don't, I work with Sara and Bianca in the Vascular Lab in Glasgow.

Karen Gallagher (cc-d) and I had quick call last week and one of the things we talked about is how the vascular labs in Scotland might work together a bit more closely.

We talked about setting up a semi-regular meeting, and while I know Lothian previously organised a really successful half day meeting for the labs in Scotland, this would just be a short informal meeting.

That's what I'm e-mailing to invite you to - a 30 minute lunchtime meeting - hopefully an opportunity to talk about common areas we might be able to work together on.

I appreciate everyone's busy, and even more so right now with omicron. If you're interested in coming along and this time doesn't suit, let me know and I can send out doodle poll to find a better time.

If I've missed someone off the invite list that you think would be interested in coming along, please feel free to forward the invite.

Best wishes
Claire
