NEUROLOGY CME MEETINGS 2018 **REGIONAL STROKE TRAINING DAY**

26TH JANUARY 2018
LECTURE THEATRE ERMEC, HRI
09:00 TO 16:30

26 January 2018

Dear Colleague,

On behalf of the Clinical Governance Forum, Department of Neurology, Hull Royal Infirmary and the Stroke Unit, I welcome you all to an all-day EDUCATIONAL PROGRAMME on Stroke.

The meeting is approved for 8 External CME points by the Royal College of Physicians and is organised by the Departments as a part of their teaching commitment to the Trust. The meeting will provide an opportunity to get up to date on the latest developments in the field of stroke and the meeting fulfils for a stroke training accreditation. The programme is suitable for General Practitioners, General Physicians and Neurology trainees and juniors in Internal Medicine.

Your continuing interest, positive feedback and a high attendance rate has made these educational programmes a big success. I hope these meetings provide an excellent opportunity in updating the advances in management of common neurological conditions and provide a multidisciplinary approach in patient care. Please also find a programme of other Neurology meetings in 2018/2019.

Boehringer-Ingelheim, Pfizer, MDDUS and BMA will be present with promotional stands and have funded exhibition space. None of the sponsors have had any involvement in the agenda, speaker selection or content of the meeting. Please visit their stands in the breaks.

Dr R Rayessa FRCP LLM

Consultant Stroke Physician

FAYYAZ AHMED

Consultant Neurologist & Hon Senior Lecturer
