Clinical Vascular Scientist
Vascular Studies Department
Glenfield Hospital

Dear Pouran

Many thanks for delivering teaching to our Radiology and Sonographer trainees on the 12th July 2021 (0900 AM to 1300 PM), and the 20th September (1330-1700PM).

During these sessions you taught 'below the knee DVT scanning' and 'upper limb DVT scanning'. Having delivered a power point presentation on both topics you then led hands-on scanning training all of which was incredibly well and gratefully received by our trainees. The feedback has been resoundingly excellent!

We very much value your expertise and teaching, and look forward to inviting you to further sessions in the future.

Once again, many thanks.

Yours sincerely

Dr Kate Waters
