

21st February Vascular Science

Chris Curd – Senior Vascular Scientist.

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- All
-
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

A change of venue to stimulate the mind
for enhance learning

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

More of such ~~conferences~~ workshop incorporated
in the course content.

Further comments or suggestions

Very good structure for
continuous learning. Good to learn
other areas related to cardiovascular
diseases

THANK YOU!

21st February Vascular Science

Chris Curd – Senior Vascular Scientist.

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- The ultrasound methods and their uses in vascular science
- ~~Assess~~
- The treatment and assessment of DVT
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

- Possibly more cardiac links
- A little rushed at the end of the presentation

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

Further comments or suggestions

THANK YOU!

Chris Curd – Senior Vascular Scientist.

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- arterial disease
- ~~at a easy to understand information~~
- Bypass grafts
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

More questions asked

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

More guessing activities

Further comments or suggestions

THANK YOU!

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- Arterial Disease
- Varicose Veins
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

Lecture was ok and met my expectation

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

Further comments or suggestions

Chris was very good in explaining the psychosocial aspects of vascular disease

THANK YOU!

21st February Vascular Science

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- Diagnosis
- Constructing a pathway for a patient using info from lecture
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

more case based discussion.

Further comments or suggestions

THANK YOU!

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- The Games
-
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

More games but I like interactive so.....

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

Further comments or suggestions

21st February Vascular Science

Chris Curd – Senior Vascular Scientist.

10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- The crossover between vascular & Cardiology in assessment of a patient
- How TIAs are caused, assessed and treated
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

Could have gone into how specific cardiac conditions
effect vascular condition and vice versa.

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

Getting us to consider and plan a pathway for
someone presenting with lower limb ischemia was helpful
as it can be applied to any condition, ~~se~~

Further comments or suggestions

THANK YOU!

21st February Vascular Science

Chris Curd – Senior Vascular Scientist. 10am-12pm

Questions

1) What is your overall assessment of the event? (1 = insufficient - 5 = excellent)

1

2

3

4

5

2) Which topics or aspects of the workshop did you find most interesting or useful?

- the Venous Disease
- (DVT)
-
-

3) Did the workshop achieve the programme objectives?

Yes

No

If no, why?

4) Knowledge and information gained from participation at this event?

Met your expectations

Yes

No

Somehow

Will be useful/applicable in my work

Definitely

Mostly

Somehow

Not at all

5) How do you think the workshop could have been made more effective?

Maybe not as crammed information (less slides)

6) Please comment on the organization of the event (from 1 = insufficient to 5= excellent)

1

2

3

4

5

7) Comments and suggestions (including activities or initiatives you think would be useful, for the future)

less slides, more interaction with whole class

Further comments or suggestions

THANK YOU!
