The University certifies that the above named student attended this course of study and achieved the results indicated above. The programme, approved by the University of Newcastle upon Tyne, was taught and assessed in English.

Explanation of codes used:

Module Credits: Undergraduate programmes normally comprise c.120 credits per academic year and postgraduate programmes normally comprise c.180 credits.

ECTS Credit: There is an equivalence between Newcastle credit and ECTS Credit - e.g. 20 Newcastle credits = 10 ECTS, 10 Newcastle = 5 ECTS.

Marks: The Newcastle mark is a mark out of 100. The pass mark for undergraduate level modules is 40. The pass mark for postgraduate level modules is 50.

Module Status: In accordance with the University regulations a Board of Examiners may allow a student to proceed on a degree programme with marks below the pass mark. In such cases, the module status 'Pass at BoE's Discretion' or 'Pass by compensation' will be shown.

Number of Attempts: Where a student passes at a second or third attempt the actual mark achieved is shown, but a mark of 40 for undergraduate level modules or 50 for postgraduate level modules is used for academic progress and classification purposes.

End of stage decision: A Board of Examiners' decision regarding a student's academic progress, or in the case of final year the overall degree classification.
