Reference Request to Internal Assessor

Applicant's name: Rhea Angel

The above named applicant has applied to sit the SVT practical examination. This is the final assessment on the route to becoming an **Accredited Vascular Scientist**. Applicants must fulfil certain eligibility criteria before they are entitled to sit the examination. The Education committee has agreed that the nominated internal should confirm the applicant's eligibility. We would be grateful if you could fill in the details below.

| | |
|------------------------------------------------------------------------------------|---------------------------|
| Applicants current job title | Vascular Scientist |
| Applicants current Employer/Hospital | Manchester Royal Hospital |
| Start date of applicants current job | 14 December 2021 |
| Applicants current weekly hours working in vascular ultrasound diagnostic scanning | 37.5 hours |
| How long have you known the applicant? | >1 year |

Where applicable please comment on your perception of the applicant's proficiency in the following areas:

| | | | | |
|------------------------------------------|--------|--------------|--------|----------------------------------------------|
| Duplex of carotid and vertebral arteries | Poor Y | Acceptable Y | Good Y | Excellent <input checked="" type="radio"/> Y |
| Duplex of lower limb arteries | Poor Y | Acceptable Y | Good Y | Excellent <input checked="" type="radio"/> Y |
| Duplex of varicose veins | Poor Y | Acceptable Y | Good Y | Excellent <input checked="" type="radio"/> Y |
| Ankle Brachial Pressure Indices | Poor Y | Acceptable Y | Good Y | Excellent <input checked="" type="radio"/> Y |

Please comment on the applicant's ability to write clear reports and relay urgent findings appropriately:

Rhea is very good at writing clear and concise reports from the duplex scans that she has performed. Rhea is fully aware of how and when to alert findings to the clinical team/referring Dr.

Please include any other comments you may have (please continue on the reverse of the page if required).

Rhea is an experienced vascular scientist who is a valued member of our team. Rhea has excellent communication skills and is able to build a good rapport with patients and her peers. Rhea is competent in carotid and vertebral scans, upper and lower limb arterial duplex scans including ABPIs/TBPIs and TCPO2 assessments, varicose veins/DVT scans, temporal artery and AVF scans.
