Score Report for the Ultrasound Physics Haemodynamics and Instrumentation Theory Examination

---

Candidate: KATHERINE CLARE CHAMBERLIN  
Certification#: 254765  
Candidate #: 269630223  
Examination: Ultrasound Physics Haemodynamics and Instrumentation  
Examination Date: October 23, 2019  
Examination Site: 48978

Examination Result: PASS

You passed the Ultrasound Physics Haemodynamics and Instrumentation Theory Examination

If your contact information (i.e., address, phone, or email) has changed, please log into your MY ARDMS account to update your information as soon as possible to ensure your record is up to date.

For questions or concerns regarding your testing experience with Pearson VUE, please contact SVTGBI at [theoryexam@svtgbi.org.uk](mailto:theoryexam@svtgbi.org.uk)

**Scaled Score Details**

<u>Examination</u>	<u>Passing Score</u>	<u>Your Score</u>
Ultrasound Physics Haemodynamics and Instrumentation	555	651

The number of items you answered correctly on this exam has been converted to a final scaled score. Scaled scores range from 300 to 700. A minimum scaled score of 555 is required to pass the examination.

For more information on scaled scoring, please visit [www.ARDMS.org/scaledscore](http://www.ARDMS.org/scaledscore).

Important note: This score report is intended solely to inform candidates of their examination results and should not be used by a candidate, employers or others for any other purpose. A score report is not indicative of being accredited. In addition to passing all required examinations, a candidate must meet all other program requirements in order to be accredited by SVTGBI. Examination scores may be suspended, voided or otherwise invalidated after becoming official if SVTGBI discovers errors or evidence of cheating or other improper activity.

Employers and others interested in verifying an individual's accreditation status can do so by contacting [theoryexam@svtgbi.org.uk](mailto:theoryexam@svtgbi.org.uk)

## Score Report for the Ultrasound Physics Haemodynamics and Instrumentation Theory Examination

### Content Area Evaluation

Candidate: KATHERINE CLARE CHAMBERLIN

Examination: Ultrasound Physics Haemodynamics and Instrumentation

The following indicates your relative performance on each content domain on this examination.

<u>Content Area</u>	<u>Evaluation</u>
1. Principles of Ultrasound, Transducers and Instrumentation 35%	Excellent
2. Principles of Ultrasound Imaging 35%	Satisfactory
3. Haemodynamics, Physiology and Fluid Dynamics 20%	Satisfactory
4. Quality Assurance and Ultrasound Safety 10%	Satisfactory

Content area evaluations are only meant to give general guidance to the Candidate on performance within a specific content area and solely reflect a candidate's performance on the examination.

<u>Evaluation</u>	<u>% of Questions Answered Correctly</u>
Excellent	= 95% or more
Satisfactory	= 80% - 94%
May Require Further Study	= 61% - 79%
Requires Further Study	= 60% or below

Please note due to the different weighting of content areas within an examination, a total, or average, of content evaluations does not directly correlate to pass/fail scores.

Important note: This score report is intended solely to inform candidates of their examination results and should not be used by a candidate, employers or others for any other purpose. A score report is not indicative of being accredited. In addition to passing all required examinations, a candidate must meet all other program requirements in order to be accredited by SVTGBI. Examination scores may be suspended, voided or otherwise invalidated after becoming official if SVTGBI discovers errors or evidence of cheating or other improper activity.

Employers and others interested in verifying an individual's accreditation status can do so by contacting [theoryexam@svtgbi.org.uk](mailto:theoryexam@svtgbi.org.uk)

Score Report for the Vascular Technology Theory Examination Examination

---

Candidate: KATHERINE CLARE CHAMBERLIN  
Certification#: 254765  
Candidate#: 269630223  
Examination: Vascular Technology Theory Examination  
Exam Date: June 15, 2022  
Exam Site: 66745

**Examination Result: PASS**

You passed the Vascular Technology Theory Examination Examination.

If your contact information (i.e., name, address, phone, fax, or email) has changed, please log into your MY ARDMS account to update your information as soon as possible to ensure your ARDMS record is up to date.

For questions or concerns regarding your testing experience with Pearson VUE, please contact the ARDMS Registrant Services Department by telephone at 1-800-541-9754 or by email: [appeals@ardms.org](mailto:appeals@ardms.org).

**Scaled Score Details**

<u>Examination</u>	<u>Passing Score</u>	<u>Your Score</u>
Vascular Technology Theory Examination	555	656

The number of items you answered correctly on this exam has been converted to a final scaled score. Scaled scores range from 300 to 700. A minimum scaled score of 555 is required to pass the examination.

For more information on scaled scoring, please visit [www.ARDMS.org/scaledscore](http://www.ARDMS.org/scaledscore).

Important note: This score report is intended solely to inform candidates of their examination results and should not be used by a candidate, employers or others for any other purpose. A score report is not indicative of ARDMS registration. In addition to passing all required exams, a candidate must meet all other program requirements in order to be registered by ARDMS. Examination scores may be suspended, voided or otherwise invalidated after becoming official if ARDMS discovers errors or evidence of cheating or other improper activity.

Employers and others interested in verifying an individual's registration status can do so by visiting [www.ARDMS.org/statusverification](http://www.ARDMS.org/statusverification).
