

**VENOUS INSUFFECIECNY****VASCULAR LAB REPORT**

University Hospital Lewisham  
Lewisham High Street  
London  
SE13 6LH  
Telephone: 0208 333 000

**Scientist:** Suleman Choudhury

**Left anterior thigh vein:**

Proximal – 5.4mm

The anterior thigh vein  
Lies straight and within  
the fascia for the first  
10cm before becoming  
varicose.

The SFJ and anterior thigh vein is patent and incompetent. The anterior thigh vein fills a varicose (6mm) vein in the proximal thigh and courses laterally into the posterior aspect of the calf.

The GSV is patent and competent throughout.

The SPJ and SSV were patent and competent.

No incompetent perforators detected. All deep veins are patent and competent.
