

WEDNESDAY 23RD NOVEMBER

08.00 – 8.45 REGISTRATION		
09.00	Presidents Welcome	Emma Waldegrave President of the SVT
SESSION 1: ADVANCED SKILSS WORKSHOP 1 – REGENCY ROOM <i>Vascular Related Sport Injury</i>		
9.02	Duplex assessment of Thoracic Outlet Syndrome	Danny Rimmer, Clinical Vascular Scientist, Liverpool University Hospitals NHS FT
9.09	Duplex assessment of Median Arcuate Ligament Syndrome	Dr Steven Rogers, NIHR Clinical Lecturer & Senior Clinical Vascular Scientist, Manchester Vascular Centre, The University of Manchester
9.16	Duplex assessment of External Iliac Artery Endofibrosis	Rhodri Furlong Clinical Vascular Scientist, St Georges University Hospital NHS FT
9.23	Duplex assessment of Popliteal Artery Entrapment Syndrome	Dr David Barrett, Clinical Vascular Scientist, Manchester Vascular Centre, Manchester University NHS FT
9.30	Hands on practical scanning	
10.30 – 11.00 COFFEE BREAK IN THE EXHIBITION HALL		
11.00	Hands on practical scanning	
11.45	Surgical management of TOS, MALS, EIF and PAES.	David Murray Consultant Vascular Surgeon and Clinical Director, Manchester Vascular Centre
12.00 - 13.00 LUNCH IN THE EXHIBITION HALL		
SESSION 2: RESEARCH PROPOSAL ORAL PRESENTATIONS – REGENCY ROOM		
1300	How often should popliteal artery aneurysms be scanned? A 5-year retrospective local dataset analysis to determine mean growth rate of popliteal artery aneurysms.	Sandra Piatkowska Trainee Vascular Scientist, Gloucestershire Hospitals NHS FT
1310	An application of artificial intelligence assisted software in reporting vascular ultrasound: A feasibility study.	Elizabeth Washak Trainee Vascular Scientist, Guys & St Thomas’ NHS FT
13.20	An audit to determine whether patients receive two forms of carotid imaging pre-operatively when carotid endarterectomy (CEA) is being considered, in line with the European Society for Vascular Surgery (ESVS) 2017 Clinical Practice Guidelines.	Emily Anderson Trainee Vascular Scientist, Cambridge University Hospitals NHS FT
13.30	Measurement of claudication distance in patients with peripheral arterial disease using Google Maps Imagery (Google Street ViewTM).	Zina Benbia Trainee Vascular Scientist, University Hospitals Birmingham
13.40	The prevalence of positive lower limb DVT outcomes in patients with lower limb cellulitis: a retrospective analysis and service evaluation.	Gabriel Santos Trainee Vascular Scientist, Royal Free London NHS FT

13.50	A local service evaluation exploring patients' perceptions of their inpatient care after endovascular or open surgical intervention for Abdominal Aortic Aneurysms (AAAs)	Anna Corby Trainee Vascular Scientist, Oxford University Hospitals NHS FT
SESSION 3: LATEST TRIAL EVIDENCE IN AAA AND EVAR SURVEILLANCE – REGENCY ROOM		
14.00	3D vascular ultrasound in AAA surveillance	Kim Bredahl Associate Professor of Vascular Surgery, ESVS & University of Copenhagen
14.15	Co-DETECT Study results	Kamran Modaresi Vice-President, SVTGBI
14.30	Compliance with endovascular aneurysm repair surveillance: The EVAR surveillance paradox	George Antoniou Professor of Vascular Surgery, University of Manchester & Manchester Vascular Centre
14.45	Abdominal Aortic Aneurysm as a pathology with systemic phenotypes – insights from ultrasound imaging	Regent Lee Associate Professor of Vascular Surgery, UKRI Future Leaders Fellow, University of Oxford
15.00 – 15.30 Coffee break in exhibition hall		
SESSION 4: VICE PRESIDENTS SESSION, ADVANCES IN DEEP VENOUS INTERVENTIONS - REGENCY ROOM		
15.30	Mechanical Thrombectomy in deep venous thrombosis	Emma Wilton Consultant Vascular Surgeon, Oxford University Hospitals NHS FT
15.45	Pros and Cons of Deep Venous Stents	David Greenstein Consultant Vascular Surgeon, London North West University Healthcare NHS Trust
16.00	IVUS and deep venous stent deployment from a Radiologist's perspective	Peter Schnatterbeck Consultant Interventional Radiologist, London North West University Healthcare NHS Trust
16.15	Deep Venous Disease - Assessment & Surveillance	Vikki Galgerud Senior Vascular Scientist, Royal Oldham Hospital, Northern Care Alliance NHS FT.
16.30 MAIN PROGRAMME CLOSE		

SESSION 5: HEADS OF SERVICE MEETING – REGENCY ROOM		
17.00	Heads of Service Meeting	Emma Waldegrave , President, & Dr Kamran Modaresi , Vice-President, SVTGBI
18.00 MEETING CLOSE		

18:00 Vascular Societies ASM Drinks Reception

Main Auditorium

19:30 SVT Drinks Reception

Shelter Hall, Kings Road Arches, Brighton, BN1 1NB

<https://www.shelterhall.co.uk/>

THURSDAY 24TH NOVEMBER

08.00 – 8.45 REGISTRATION

9.00	Welcome introduction by SVTGBI President & Medal exchange	Lee Smith , Past-President & Emma Waldegrave , President, SVTGBI
------	--	--

SESSION 1: RECENTLY COMPLETED STUDIES ORAL PRESENTATIONS – REGENCY ROOM

9.00	Can the toe brachial index be used to grade the severity of peripheral arterial disease?	Harry Knight Trainee clinical scientist, Cambridge University Hospitals NHS FT
9.10	Peripheral bypass graft surveillance: a survey examining current practice in vascular laboratories across the United Kingdom.	Rhodri Furlong Clinical Vascular Scientist, St Georges University Hospital NHS FT
9.20	The clinical efficacy of vascular screening prior to kidney transplantation.	Louis Alexander Clinical vascular scientist, Kings Collage Hospital
9.30	Do patients enrolled within the iliofemoral venous stent surveillance programme continue to report increased quality of life and venous symptom resolution?	Alexander Pason Trainee vascular scientist, Cambridge University Hospitals NHS FT
9.40	A local evaluation of manual and automated Ankle Brachial Pressure Index techniques currently available within the Vascular Studies Unit.	Conor Hiscocks Trainee vascular scientist, Oxford University Hospitals NHS FT
9.50	The effect of health literacy and socio-economic deprivation on outcomes after lower limb revascularisation surgery for Chronic Limb Threatening Ischaemia.	Chloe Bishop Trainee vascular scientist, Newcastle Upon Tyne Hospitals NHS FT
10.00	Transthoracic ultrasound evaluation of thoracic aortic aneurysms.	Hannah Davey Trainee vascular scientist, University Hospital Southampton

KEYNOTE SPEAKER

10.10	Something Old, Something New, Something Borrowed and Something Blue	Ross Naylor Emeritus Professor of Vascular Surgery, University of Leicester & Chair of the ESVS Carotid Guideline committee
-------	---	---

10.30 – 11.00 COFFEE BREAK IN THE EXHIBITION HALL

SESSION 2: SCIENTIFIC AND CASE STUDY ORAL PRESENTATIONS – REGENCY ROOM

11.00	Estimating & comparing the performance, clinical effectiveness, and cost-effectiveness of current diagnostic options for patients that present to primary care with suspected venous ulcers.	Emma Flint Clinical Vascular Scientist, Imperial Collage Healthcare NHS Trust
11.10	Prediction of arteriovenous fistula maturation outcomes in end-stage renal disease patients, using invasive and non-invasive techniques	Wael Faqihi Vascular ultrasound clinical researcher, Imperial Collage Healthcare NHS Trust
11.20	Implementing a rapid access diagnostic service for patients with suspected giant cell arteritis.	Georgina Parsons Clinical vascular scientist, Royal Free Hospitals NHS Trust
11.30	“DVT or not DVT.” Leiomyosarcoma misdiagnosed as a Femoral Deep Vein Thrombosis (DVT).	Louis Alexander Clinical vascular scientist, University Hospitals Sussex NHS Foundation Trust

11.40	Can Artificial Intelligence detect carotid arterial disease through Duplex ultrasound?	Nikolas Sanoudos Lead clinical vascular scientist, Mid and South Essex NHS Foundation Trust
12.00	Utility of duplex ultrasound in establishing extra-cranial large vessel inflammation and peripheral arterial complications in systemic large vessel vasculitis	Ben Warner-Michel Vascular scientist, Salford Royal Infirmary, Northern Care Alliance NHS FT
12.10	An ultrasonic assessment of inner to inner and outer to outer diameter measurement of the abdominal aorta. A 10-year perspective from an abdominal aortic aneurysm screening technician.	Husnayya Al-Haddad AAA screening technician, Imperial Collage Healthcare NHS Trust
12.20	Systematic review of duplex versus clinical surveillance after endovascular treatment of lower limb peripheral arterial disease	Mervyn McKenna Clinical vascular scientist, Mid and South Essex NHS Foundation Trust
12.30	A contemporary retrospective series examining the impact of duplex surveillance on autogenous, peripheral bypass grafts.	Rhodri Furlong Clinical vascular scientist, St Georges University Hospital NHS FT
12.40	A reflection of measuring and applying qualitative approaches to a Vascular Ultrasound Lab.	Nicholas Zakikhani Principal clinical vascular scientist, St Georges University Hospital NHS FT
14.00 - 14.00 LUNCH IN THE EXHIBITION HALL		
SESSION 3: SVT DEBATE, KEYNOTE AND INVITED SPEAKERS: EDUCATION, ACCREDITATION, AND EQUIVALENCE ROUND-UP – REGENCY ROOM		
14.00	Prof. Brendan Cooper & Ben Freedman	Dr Colin Deane Kings Collage London
14.10	The future healthcare science workforce and the importance of equivalence	Prof. Brendan Cooper President, Academy of Healthcare Science
THE GREAT DEBATE		
14.30	<i>“STP graduates MUST get AVS accreditation?”</i> (For) Emma Waldegrave, President, SVTGBl. (Against) Rob James, University Hospitals of Derby and Burton NHS FT.	
14.45	Ultrasound education in Denmark and the ESVS	Kim Bredahl Associate Professor of Vascular Surgery, ESVS & University of Copenhagen
15.00	Recommended Scan Times: Analysis from the heads of service submissions	Dr Kamran Modaresi Vice-President & Past Chair, Professional Standards Committee, SVTGBl.
15.15	The importance of UKAS Accreditation & IQIPS	Benjamin McQuillan and Latoya Woolery , United Kingdom Accreditation Service
15.30 – 16.00 Coffee break in exhibition hall		

SESSION 4: JACKIE WALTON MEMORIAL LECTURE, INVITED SPEAKERS & PRIZE GIVING – REGENCY ROOM		
JACKIE WALTON LECTURE		
16.00	Do we really need to re-do the trials of carotid endarterectomy versus medical treatment for symptomatic carotid stenosis?	Prof. Peter Rothwell <i>Action Research Professor of Clinical Neurology - University of Oxford & Founding Director, Wolfson Centre for Prevention of Stroke and Dementia – University of Oxford</i>
INVITED SPEAKER		
16.30	Advanced Vascular Technology - or what ultrafast ultrasound can do for vascular scans	Crispian Oates Consultant Physicist (retired)
Prize Giving		
16.50	<i>Ann Donald Scientist of the Year 2022</i>	
	<i>Best research proposal, Best Completed Study & Best Scientific Paper Winners 2022</i>	
	<i>Lifetime Honorary SVTGBI membership 2022</i> Sara Causley Dominic Foy	

SESSION 5a: SVTGBI ANNUAL GENERAL MEETING – REGENCY ROOM		
17.00	<u>Verbal Reports (also in Conference Book):</u> - Hannah Lines, Education Chair. - Jo Walker & Dr Alison Charig, Professional Standards Co-Chairs. - Dr Steven Rogers, Conference Secretary & Research Chair Elect. - Emma Waldegrave, Presidential Report. <u>Written Reports Available in Conference Book</u> - Lynne McRae, Membership Secretary. - Ben Freedman, Treasurer. - Tanyah Ewen, BMUS representative	Emma Waldegrave , President, & Dr Kamran Modaresi , Vice-President, SVTGBI
Membership open Q&A		
18.00 MEETING CLOSE		

SESSION 5b: TRAINEE BREAKOUT SESSION – LANCASTER ROOM		
17.00	Review of the SVT training pathway <i>Review of the process of gaining your AVS and maintaining it beyond accreditation</i>	Hannah Lines, Education Chair & Members of the Education Committee
17.15	Survey of training experiences <i>Interactive session to assess the provision of training across centres</i>	
17.30	Trainee discussion and questions <i>Open discussion regarding training and questions to the education team</i>	
17.45	Signposting and close	
18.00 MEETING CLOSE		

1930-0000 Conference Gala Dinner
Hilton Brighton Metropole – Oxford Suite
